Welcome to 15 Deer Track Road - a stunning custom home completed in October 2023, set on 0.74 acres with real brick and HardiePlank exterior. With 10-foot ceilings downstairs, 9-foot ceilings up, 8-foot doors throughout, and an abundance of natural light, every detail has been thoughtfully considered. Double entry doors open to a gracious foyer with a glass-door home office and a coat closet. The open living area centers around a sleek vapor fireplace - beautiful and kid-safe. The chef's kitchen features quartz countertops, marble tile backsplash, gas range, farmhouse sink, paneled refrigerator, and a large island with storage. A walk-in pantry and sunny breakfast nook complete the space. A playroom (or second office, craft room, etc) with glass French doors, a tiled powder room, and storage closet make the first floor both functional and beautiful! The mudroom offers custom inset locker storage and a laundry closet with shelving; washer and dryer convey. The 3-car garage is EV-ready. The main level primary suite features 2 separate closets and a spa-like ensuite with a two-head shower, soaking tub, double vanity, and linen closet. Step outside to a back porch with patio furniture included, overlooking a spacious, open backyard with room to grow. Upstairs, three bedrooms each have carpet, fans, and double-door closets. A full tiled bath and hall linen storage complete the level. Custom built with heart. Finished with intention.
